

## Report of Chairman 2016/2017

This is my third and final annual report as Chairman of Kingston U3A. After concluding our successful celebration of our 25th anniversary last year we started the year by searching for a replacement treasurer. This proved difficult but our secretary stepped forward. We are grateful to Joy Garvey. A new committee member, Frances Moody, has helped Joy with the secretarial work. It is proposed that Joy sticks only to the job of treasurer next year. Jane Hoyland has continued her very efficient work as membership secretary.

The experience of attempting to find a new treasurer emphasised to me how important it was for the continued health, and indeed existence, of KU3A for the Executive Committee to be renewed from time to time with new members full of fresh ideas. I have attempted to spread the word during my final year as Chairman. If Elinor and I are re-elected to the committee at the AGM we will resign from the committee next year.

## **Report of Chairman 2016/2017 cont.**

Our membership continues to grow. A series of New Members Meetings have been held. Lesley Hodges, who has looked after the new members, retires from the committee. We thank her for all her work. We have also held a meeting after one year of membership so the committee can hear how things have gone for the new members. This seems a good innovation, thanks to Elinor.

The monthly meetings have been well attended. Elinor has provided us with a great variety of speakers, each seemingly more interesting than the last. Ireni Esler, a new committee member, has helped Elinor with this work. Ireni has also attended various meetings on our behalf.

The newsletter continues to improve and provides full information on our activities. The monthly e-mail with news between the issuing of the newsletters has settled in well. Many thanks to all

those involved in keeping us up-to-date with our activities.

You can see in each newsletter the results of Shirley Miller, Group Coordinator, and her team's hard work.

The Web Site is another source of information. Diane Wilson continues to make the appropriate entries.

The General Activities section has been very active this year. The events have been over subscribed. Day trips & interesting holidays in the UK and abroad have been arranged. Many thanks to Gisela Zuercher-Feiss and her team for all the work this involves.

Linda Foreman has continued to maintain the database of members. She has also taken an interest in our constitution. The result of her work is the proposed new constitution. This is a model constitution recommended by the Third Age Trust.

Kingston was awarded a certificate celebrating our 25th anniversary at the recent U3A national conference. Photo shows our two delegates, Elinor Parker (holding certificate) and Ireni Esler on stage at the conference with representatives of other similarly celebrating groups.

## **Report of Chairman 2016/2017 cont.**

Linda has given both our present constitution (dating from 2002) and the model constitution a very careful examination. The differences are limited but important. Our present constitution sets out the objects of our U3A which are to advance education and the provision of facilities for leisure time and recreational activities. The model constitution restricts this to education. This is because the Charity Commission will not allow any broader purposes. It is necessary that we be classified as a charity to be a U3A which provides obvious advantages to us in any event. Education should be construed in a very broad sense and implementing the new constitution will in no way interfere with the recreational activities we presently carry out. There is also an inconsistency in our present constitution. At one stage it refers to the executive committee having 12 members and at another point 13. Finally, the new constitution introduces time limits for members of the committee. (3 years for Chair and Secretary and 6 years for the Treasurer and a maximum of 6 years for all the committee). In the present constitution it is only the Chair/Chairman who has a time limit (3 years).

In past years we have held an annual lunch for the group leaders. The numbers have gradually reduced over the years. This year there was a very poor attendance. We are cancelling it for a year in the hope of instilling new life into it. Any thoughts about a new format would be welcome as I know there are some who enjoy the contact very much.

Elinor and Ireni attended the annual meeting of the Third Age Trust at Nottingham in August and came back

full of new ideas. Whilst there they were presented with a certificate to mark our 25 years of existence.

I conclude this review by thanking the committee and the members for giving me such support during my three years as chairman. I have found it very interesting and look forward to the continued success of KU3A.

## **Visit to Westminster Abbey**

**Wednesday, 10<sup>th</sup> January 2018**

Westminster Abbey, the resting place of kings and queens, poets, priests,

heroes and villains is a living pageant of British history. It has been the coronation church since 1066, has seen the weddings of sixteen kings and queens, is the final resting place of seventeen monarchs and contains memorials to some of our greatest citizens.

Join our Blue Badge-led group (one in the morning or a repeated one in the afternoon) for an in-depth guided tour of the Abbey. It will take you from the shrine of Edward the Confessor and the tomb of the unknown warrior to Poets' Corner and the sublimely beautiful fan ceiling of the Henry VIII Chapel. See how the medieval architects created a theatre for coronations and discover some of the Abbey's most curious secrets.

After meeting at Waterloo Station we shall take the Jubilee Line to Westminster where we will meet our Blue Badge guide. There will be time for you to buy coffee (or a light lunch if you are in the afternoon group) if you wish, before we begin our tour which will last for approx. 1½- 2 hours.

After the dissolution of the monasteries by Henry VIII, part of the monastery was converted into a luxury mansion house which was purchased in 1545 by the Duke of Norfolk. He was placed under house arrest there by Elizabeth I for proposing to marry Mary Queen of Scots.

In the early 17th Century a hospital was established on the site together with a chapel and a school. Charterhouse School became one of the most eminent public schools in England and at the end of the 19th Century it moved to Godalming in Surrey.

During the Crossrail excavations several of these burials were recovered and one is displayed in the museum at Charterhouse.

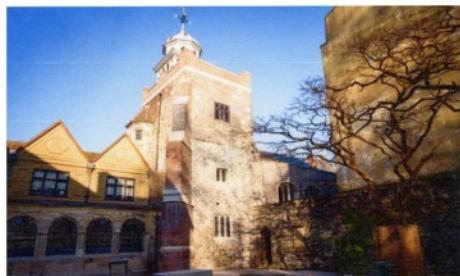

Nowadays, Charterhouse provides accommodation for about 40 Brothers. The tour of the complex will be led by one of these Brothers who will provide a history of Charterhouse and life there today.

## Visit to Cambridgeshire and Suffolk

**24<sup>th</sup> – 28<sup>th</sup> April 2018**

In September this year Ron and Marie made sure we enjoyed a very pleasant five days in The Lake District. Well, next Spring they will take us for another five days to Cambridgeshire and Suffolk.

**Day 1:** We board our comfortable Executive coach at the four pick-up points in the Kingston area and travel

to **Wimpole Estate (NT)**, a working estate with an impressive mansion and Home Farm. The mansion, at the heart of this estate, is evidence of Elsie Bambridge's success in creating a home. We can purchase lunch here before continuing on to **Newmarket** and our hotel, the **3\* Best Western Heath Court Hotel** where we will stay for four nights on HB basis.

**Day 2:** Our first visit today is to **Bury St. Edmunds** where we can wander through one of the most successful traditional street markets in the country with its most colourful history going back to the time before William the Conqueror. The town is one of the hidden gems of Suffolk and is probably most famous for the ruined Abbey that stands near to the town centre surrounded by the Abbey Gardens. We can purchase lunch here and then continue to **Kentwell Hall and Gardens** where a private guided tour

of the house is included. The house has essentially remained the same for 500 years as created by the Cloptons in the early 16th Century.

**Day 3:** Today's first visit is to the city of **Ely** which is full of charm and beauty and is home to one of England's most magnificent cathedrals (entrance not included) whose towers dominate the

skyline for miles around and is known locally as the '**Ship of the Fens**'. The

cathedral is also home to the only **Stained glass museum** offering a display of original stained glass panels dating from the early 13th century to the present. An audio guided tour is included.

Ely's most famous historical resident is **Oliver Cromwell**, Lord Protector of England. Apart from Hampton Court, his house here (entrance not included) is the only surviving former Cromwell residence and shows how his family would have lived in the mid-17th Century. We then continue on to the nearby University City of **Cambridge** where we begin with a 1 hour panoramic coach tour of the city and surroundings. For those who wish to partake, afterwards there will be an included brief walking tour which will cover some of the interesting sights and colleges, or you may use this time to explore at your own pace before we return to the hotel for dinner.

**Day 4:** Today we will visit **Saffron Walden**, a picturesque, medieval town with a rich heritage of old buildings reflecting its wealth as a rural market town. After some free time you will have a choice between two options (this needs to be pre-booked and

indicated by each person on the booking form):

1. An included visit to **Audley End (EH)** one of England's grandest

stately homes with an impressive formal garden. The house is truly magnificent and was built to entertain royalty.

2. An included visit to **IWM Duxford**

an historic airfield and museum of aviation history. Here you will discover the stories of people who lived and worked at RAF Duxford. Explore the new **American Air Museum**, now transformed. From privates to presidents, you hear about those men and women whose lives have shaped, or been shaped, by their experience of war, from the First World War to the present day.

Re-grouping later this afternoon we return to the hotel for our evening meal.

**Day 5:** Having checked out of the hotel after breakfast we begin with an included guided tour by coach of some of the famous areas of '**Constable Country**' which is characterised by open spaces and ever changing skies. The Dedham Vale and Stour Valley is full of picturesque villages, rolling farmland, rivers, meadows, ancient woodlands as well as a wide variety of local wildlife. We will visit **Flatford Mill (NT)**, a grade 1 listed watermill, built in 1733, and the attached 17<sup>th</sup> century

miller's cottage. The mill was at one time owned by John Constable's father and John Constable made the mill and its surroundings the subject of many of his art works. The tour will finish in the pretty village of **Lavenham**. You may choose to visit the **Lavenham Guildhall (NT)** of Corpus Christi, A visit to **Little Hall**, one of the oldest timber framed buildings is included.

Departing here mid-afternoon, we retrace our steps homeward to our original departure points later in the day.

**Dates:** Tuesday, 24<sup>th</sup> – Friday, 28<sup>th</sup> April 2018

**Cost:** £ 529.00/549.00 (depending on numbers) HB - sharing a twin/double room

**Single room supplement:**  
£59.00/39.00 (depending on size)

## The beauty of Slovenia and Lake Bled

Many KU3A members have asked where our holiday abroad next year will be. Yes, you have guessed it: GAS is planning a trip to Slovenia in the last

week of September 2018.  
Unfortunately, at the time of going to press not all details have been

available – this is due mainly to the rather high proportion of single rooms needed. It will be a six-day-trip and we will visit Bled, Postojna, Portoroz, Piran and, of course, Ljubljana. Full details and a booking form will be given in the February/March 2018 Newsletter. If, in the meantime you have questions, please contact Gisela on [gzuercher@btinternet.com](mailto:gzuercher@btinternet.com) or Phone: 8399 4990.

## Lake District Tour

17-21 SEPTEMBER, 2017

When I was asked if I would submit a review of our trip, I thought "oh my goodness, how am I going to fit it all in a few paragraphs, we did so much", so here we go...

Our merry band of 32 boarded our coach and settled in for our journey to the Lake District. Our first port of call was a tour of Tatton Park (NT). A huge

estate with magnificent gardens, a fine Library and a collection of Gillows of Lancaster furniture.

After lunch we continued our journey through the beautiful countryside to Grange-over-Sands and our hotel, a location

with fabulous views over Morecambe Bay.

Day 2: Our guide, Geoff, took us on a tour of the lakes and the surrounding countryside. Passing through small, pretty villages and outstanding scenery we arrived at Hilltop (NT), home of Beatrix Potter and now a time capsule of her life and work as a children's author, artist and conservationist. We all surely know of her stories of Peter Rabbit and Jemima Puddleduck. Did anyone else find evidence of Jemima's presence in the vegetable garden? There was some rain but our trusty NT brollies kept us dry. We continued on to Hawkshead, home to a gallery of original works by Beatrix and then, of course, a well-deserved lunch.

On to Dove Cottage next, home of William Wordsworth ('I wandered lonely as a cloud' - you know the one!) and then, after a short walk into Grasmere with its delicious gingerbread, we headed back to our hotel.

## A Thankyou

Day 3: We visited Kendal, home of the notorious 'Everest conquering' Mint Cake and Sizergh Castle and Gardens (NT), home of the Strickland family.

On return to the hotel and after an evening meal, we were entertained by Steve with a good old sing song in the bar. Of course, Dolores the Dancing Diva was up to her old tricks. Her enthusiasm was infectious and a good jig about was had!

Day 4 found us on a cruise across Lake Windermere to Bowness. How serene the lake was. Bowness was, in contrast, a very bustling town. Plenty of shopping took place and also time for a coffee and lunch. On to Holker Hall next. A beautiful red stone house, home to the Cavendish family and formal gardens resplendent with some fine topiary and a huge record breaking lime tree.

Our last day saw a visit to Leighton Hall, home of the Gillows Reynolds family. Our lively guide, Pam, took us on a tour of the house, including more Gillow furniture and a magnificent Steinway piano in the Music Room where Barbara tickled the ivories (what a treat for her and for us!). Whilst still humming Barbara's beautiful melodies we sipped tea from a proper tea cup and devoured our generous lunch before making our way back to Kingston, collect our luggage and disperse into the night.

What a trip! So full of history and beautiful scenery, and what a great way of connecting with U3A members and making new friends.

*Pauline Dobbie*

Thank you everyone for the beautiful bouquet of flowers and of course for the lovely quite heavy little rabbit. I have a few cuddly animals already. They all have names which remind me of either my children or other good friends. When I thought about what name I should give to a friendly and helpful busy rabbit, 'Ron' came to mind. So now Ron is already very engaged in keeping down the 100s of KU3A applications the postman delivers!!! Thank you, Ron, for all your help.

## Central Study Days at Menuhin Hall

Surrey Network study days are open to members of all U3As in Surrey and the surrounding area. They are held in the

Menuhin Hall, Stoke d'Abernon, and normally start at 9.30am with registration, and finish at 4pm. The fee, including coffee/tea and biscuits, is £8, though a visitor who is not a member of a U3A will be charged £10.

Attendees should bring a packed lunch. There is a good-sized car park for the Hall (note: not the school car park).

There are no study days in December and January. The next study days are on **Friday February 16** when the theme is the highly topical subject **Making Sense of Militant Islam**. It will be presented by Anne Davison, a Lecturer for The Arts Society.

Next there will be a study day on **Friday March 16** focusing on **Vincent van Gogh & Painting in Nineteenth Century France**. This will be presented by Leslie Pitcher, a U3A Member and Lecturer for The Arts Society.

Prior booking is essential and forms are available at the Monthly Meetings or from the Surrey Network internet site, [www.u3asites.org.uk/surreyu3anetwork](http://www.u3asites.org.uk/surreyu3anetwork). Click on Events and follow the links for a programme and booking form.

## Doing Their Own Thing

MOTO 1 isn't just about eating out and going to the theatre! Although we really enjoyed "Every Brilliant Thing" at the Orange Tree theatre recently - a one-man tour de force with lots of audience participation.

Three recent outings were more 'educational'. We visited the recently opened Turner's House in Twickenham, a pretty villa he designed himself. Then we went to Emery Walker's House at Hammersmith. This is full of original William Morris fabrics, carpets and

wallpaper and is just as it was left by Emery Walker who was a friend of Morris. It is a delightful spot on the riverside and we had a very informative guided tour.

The first of our three recent outings was to Dulwich Picture Gallery for a rare

and splendid showing of John Singer Sargent's watercolours. These were a revelation and we especially enjoyed the pictures he did in Venice of architectural details.

Upcoming activities include walks, lunches and more theatre!
